Check 2
Anti-Virus & Monitoring

Key Features

The Topsec Managed Email Security Service eliminates Spam, Viruses, Malware, Ransomware and Phishing. Using a combination of traditional algorithms and advanced AI/ML-based threat detection, it provides comprehensive protection from malicious emails. Topsec collaborates with over 30 intelligence partners to provide a world-class security solution, delivering high-quality security insights in a simple to manage package.

Attachment Sandboxing

Analysing the behaviour of attachments in realtime

Impersonation Protection

Protection against Spear Phishing, CEO Whaling, VIP Spoofing, and other forms of impersonation

Email Authentication

Enforce senders' policies for SPF, DKIM and DMARC.

DLP Control

Implement DLP through flexible content analysis controls.

Email Continuity

Continue to send and receive emails even if your mail system is unresponsive.

Additional benefits

- ✅ AI/ML analysis and Traditional Pattern message attribute and characteristic matching for ultimate threat detection.

- ✅ Behavioural analysis

- ✅ Multi-layer Antivirus with both signature and behavioural antivirus engines

- ✅ Advanced Attachment Policy Implementation

- ✅ Granular Policy Control

- ✅ Malicious Real-Time / Every-Time URL Protection

- ✅ Zero-Day Threat Prevention

Managed email security specialists

Topsec Cloud Solutions are the **Managed Email Security Specialists.** Everything we do is Managed as a Concierge service by our team, that is what sets us apart from our competition.

We monitor your email traffic 24 x 7, and our **AI systems pick up anomalous behavior** inbound and outbound in real-time, every time.

Topsec knows that in cybersecurity human resources are at a premium so with our **Concierge Service and a 15-minute response SLA we have you covered. Topsec Support is Market Leading with 89% resolution on first contact.**

"If you're looking for a truly Managed Service, Topsec can do Rule Changes, Allow / Block Listings, Quarantine releases, Track & Trace and other BAU tasks for you at no extra charge. We make your life easier, and we become part of your support team. **Typically, this reduces calls to our customer's help desk by up to 30%.**"
